

Subscribe now to our new on-line Coomera Link newsletter

Big news! The Coomera Link is going electronic from 16 April!

Read this item for more details and what to do to ensure that you receive the very first on-line version of the Coomera Link.

The Coomera Link is going electronic from next term!

The school newsletter will be set up and distributed in an on-line format from the 16 April. Only a limited number of printed versions will be available from the front office.

There are many benefits that come about via this change.

- § Parents, staff members and other interested people will be able to access the newsletter from any internet enabled computer from 4pm each Wednesday. They do not need to rely on a student getting the newsletter home and retrieving it from a school bag
- § Non custodial parents and grandparents can access the school information easily, which is their right.
- § Newsletter readers will have the ability to read in detail the sections that they are most interested in or need to access.
- § Individual recipients manage their own email subscription so changes to email addresses, people leaving and coming will be managed.
- § Individual recipients will be able to unsubscribe themselves if the need arises.
- § We will be able to include school work, colour photos, even video content.
- § The newsletter will not be attached to the email. The email will contain a link to open the newsletter on the Internet.
- § The school will save on time and money in printing and distributing the newsletter.
- § The school will be able to prolong the life of the copier machines.
- § A smaller number of paper versions of the newsletter will be available from Admin from the Thursday each week.
- § The newsletter will incorporate the 'look and feel' of the school.

If you are interested in an example of an on-line newsletter, please visit the following
