

Up, Up and Away!

During Term 3, Prep KP learnt about the different types of transport. The children decided that it would be a good idea to visit the Brisbane airport. We thought it would be fun to catch the airtrain.

So, on 10 September, we met at the Coomera train station and boarded the train. We enjoyed the view from the train as we journeyed north.

We went to both the International and domestic airports. We were able to see planes landing and taking off, the check-in desks and the baggage carousels. We had our bags checked by the x-ray machines and watched while planes were loaded with baggage, fuel and food.

We had a great day and we were all very tired when we got back to Coomera train station.
