

Art Club (Art SMART group)

The art club provides students in years 4 to 7 with the opportunity to develop the skills to draw and design whilst developing fine motor skills. Students will develop these skills by experimenting with line, tone, colour, texture and shape to produce 2D and 3D artworks.

Program overview:

Semester 1 and 2

Open to years 4 to 7 students.

Students will learn the basics of drawing and the various types of media.

They will experiment with:

- Line, tone, texture and shape
- Colour: primary and secondary colours, transparent and opaque colour effects, overlaying colour and mixing
- 2D and 3D forms to create artwork.
