

Choir club (music SMART group)

The choral music club provides students in year 5 to 7 with the opportunity to develop an appreciation of song styles and tonal quality.

Program overview:

Semester 1

Students will learn about voice care with warm ups to identify their vocal range and level. Songs will include soprano and alto parts in country and folk selections.

Semester 2

Students in prep to year 7 continue to engage in dance activity, refining their skills and learning new routines in preparation for their involvement in Wakakirri and the finale performance at the Coomera extravaganza concert.

The program will include contemporary and traditional, celebratory songs. Some year 4 students will be invited to join.
